The Tools and Techniques for *BABOK® Guide* v3 is the product of a Memorandum of Understanding between the two organizations in 2015, which aims to "create greater connections and engagements across the business analysis community".
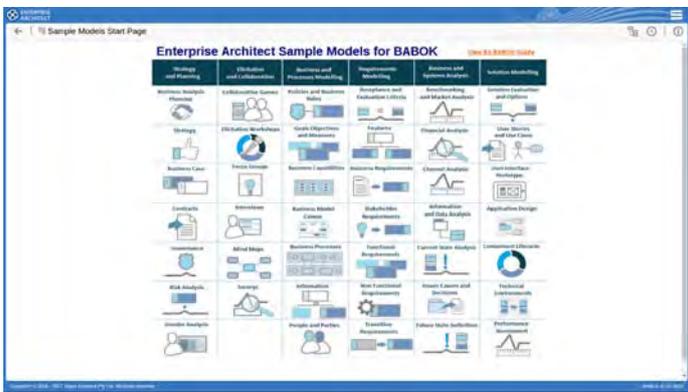

Tools & Techniques for *BABOK® Guide* v3

The Tools & Techniques for *BABOK® Guide* v3 start page represents Knowledge Areas as columns, while each cell represents a specific Task within the Knowledge Area.

Knowledge Areas:
- Business Analysis Planning
- Elicitation and Collaboration
- Requirements Life Cycle Management
- Strategy Analysis
- Requirements Analysis and Design
- Solution Evaluation

Enterprise Architect Sample Models

Maintain Project Momentum:

Enterprise Architect Sample Models contain a selection of pre-populated models, allowing Business Analysts to start modeling quickly. Sample models are easily accessible from your Internet-connected smartphone, tablet or laptop.

Easy Preformatted Models:

Specific to Business Analysis Knowledge Area topics within the *BABOK® Guide* v3, corresponding Enterprise Architect sample models facilitate unparalleled productivity for Business Analysts.

Pro Cloud Server

Collaborate on models like never before...

The Tools & Techniques for BABOK Guide v3 is a model, hosted on the Pro Cloud Server, enabling not just Business Analysts, but all project members, to collaborate directly with the project... anywhere... anytime.

Pro Cloud Server opens your entire enterprise to your modeling efforts and offers stakeholders secure access for discussion and review.

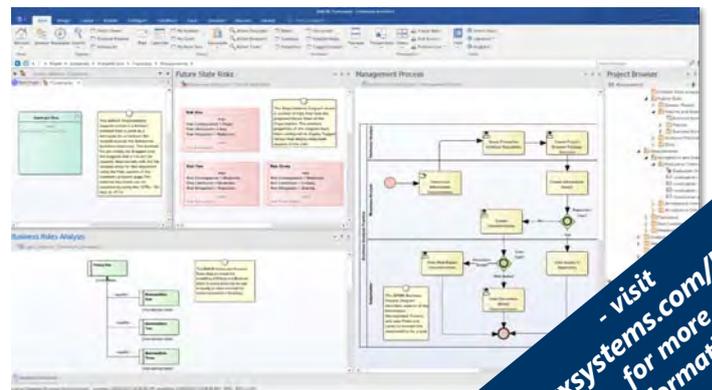

MDG Technology for *BABOK® Guide* v3

Implement *BABOK® Guide* v3 frameworks in projects.

Using Enterprise Architect's powerful model wizard, model patterns for all *BABOK® Guide* v3 options can be created:

- The Framework
- Technique Pattern
- Standard Documents

Choose parts of the model pattern relevant to your project, such as Standards, References and the Value Chain, from model patterns. Customize a variety of business process and organization charts to accurately represent your business model.

MDG Technology for *BABOK® Guide* v3 is freely available for all editions of Enterprise Architect.
